A MESSAGE FROM OUR MANAGING DIRECTOR

As the main trade association for the locksmithing industry, affiliate members – suppliers of products and services to locksmiths – are a vital part of our industry, enabling our locksmith members to protect consumers throughout the UK. We're delighted to have seen this important membership category grow over the years with more companies wanting to make use of the "route to market" to get their offering in front of a large, specialist and dedicated customer base. It's been great to see the number of affiliate product boards here at Head Office grow. Teaming up with affiliates to offer training courses and of course benefits to locksmith members in the form of special deals, special products etc. is always very well recieved and gets great engagement from members.

We hope this form of membership is of interest to you and if you have any questions then please get in touch.

Dr Steffan George
Managing Director
